### Warranty

Whilst every Lucent product is manufactured to the highest quality standards, we offer a comprehensive Warranty for complete peace of mind.

Warranty may become void due to any of the following:

- Inability to provide proof of purchase or equivalent documentation
- Product not installed by a licensed Plumber
- Failure to install product to national standards and state regulations
- Failure to install product in accordance with manufacturers installation instructions
- Pressure and Temperature Requirements:

- Hydrostatic inlet pressure range: 150 to 500kPa
- Maximum hot water temperature 75 degree celsius
- Recommended operating temperatures: 1 to 75 degrees celsius

Fitting of non-approved flow controllers in tap bodies or outlets

If products are used for outdoor applications.

Product used for non-potable water applications.

Damage because of insufficient flushing of lines prior to installation. Service, repairs or installation of non-Lucent replacement parts undertaken without Lucent's prior written approval.

Damage to finishes caused by non adherence to cleaning instructions.
